Supposing that there is a mix of Thanet Way and Betteshanger Club 10s, express your preference for the following programmes. Note that the 2014 option allows for slightly more 10s at Betteshanger with a run up to the GHS (school championships) regional qualifiers.

Betteshanger country park. I would never risk riding along the Thanet way as it is far far too dangerous and I wouldn't risk my cycling for a supposedly faster time on the Thanet way. Stay on a closed road where it is safe.

This year the club ran an evening 25 mile tt on 29/4/15. Would it be a good idea to run more club tts at this distance?
